*Bachelor of Education: English
Teacher*

SUMMARY

I am a passionate English teacher who decided to expand her knowledge into the IT world. I enjoy learning from others and digging into new challenges. During the past years, I gained technical programming skills in HTML, CSS, JavaScript, Node/Express Js. I am confident in working independently as well as collaborating in rapidly changing environments.

EXPERIENCE - PROJECTS

Personal Portfolio - Old version

This was my first project. It was made for educational purposes only. I used HTML and CSS.
